	On the front lawn, away from the general area of debris, I observed a section of 2"

I built with these Hands the bomb that I placed in the car of Judi Bari. Doubt me not for I will tell you the design and materials such as only I will Know. I come forward now emboldened by the Spirit of the Lord to spread the Message spoken by the bomb so that All will hear it and take it into there Hearts. This woman is possessed of the Devil. No natural Woman created of our Lord spews Forth the Lies, Calumnies and Poisons that she does with such Evil Power. The Lord cleared my Vision and revealed this unto me outside the Baby-Killing Clinic when Judi Bari smote with Satan's f words the humble and Faithful servants of the Lord who had come there to make witness against Abortion. I saw Satans flames shoot forth from her mouth her eyes and ears proving forever that this was no Godly Woman no Ruth full of obedience to procreate and multiply the children of Adam throughout the world as is God's Divine Will.

Let the woman learn in silence with all subjection. But I suffer not a woman to teach, nor to usurp authority over the man, but to be in silence.

#### Timothy 2:11

She and her blasphemous host try to abort the children of Adam and erase us from the Face of the Earth which was Created by God to be our Home so that we will fill it with our Numbers in His Name. She spoke Satan's Words yet the Lord did not strike her Down. Darkness fell upon my Spirit. My prayers sought Guidance so I would know if the Lord was calling me to Wield His W Sword. I could hear no Answer but Satan marched on and caused great Uproar over the land. This Woman Possessed of the Devil set herself on the Honest men of toil who do Gods work to bring Forth the bounty that He has given us to Take. All the forests that grow and all the wild creatures within them are a gift to Man that he shall use freely with God's Blessing to build the Kingdom of God on Earth. They shall be never ending because God will provide.

And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over every creeping thing that creepeth upon the earth.

### Genesis 1:26

All of it is God's Gift for us to Take and use so that we can build our Civilization in the Image of the Creator. The Devil is sorely displeased by our Godly Dominion and he sends his demons to sow Confusion and Doubt in our numbers. This possessed demon Judi Bari spread her Poison to tell the Multitude that trees were not God's Gift to Man but that Trees were themselves gods and it was a Sin to cut them. My Spirit ached as her Paganism festered before mine Eyes. I felt the Power of the Lord stir within my Heart and I knew I had been Chosen to strike down this Demon. But

my Faith was Weak and I was Deaf to His Words as he instructed me. The Devil Hissed into my other ear that I should use Cunning and turn Judi Baris poison against her. I was Weak and my Faith in the Lord's Power was lacking. I dared not Strike at the demon herself. No, instead the Devil moved my hand to bomb in Cloverdale to bring Inferry down on Judi Bari.

and the bomb was placed and the bomb exploded. But the Almighty Lord took Pity on my Foolishness and a Miracle came Forth. The gas oil mixture did not explode! Praise God! With this Sign the Lord told me Use not Indirection. The Lord had shown me that his Work needed no Subtergufe and must be clear and Visible in the eyes of a ll. I was His Avenger. The demond must be struck down. The Light filled me and my Faith was impregnable. Great joy Filled me I set to work.

The righteous shall rejoice when he seeth the vengeance: he shall wash his feet in the blood of the wicked.

Psalms 58:10

I put the bomb in her car whilst she was at the meeting with the loggers. The wicked shall know no Refuge.

And the Bomb was Hidden and the hour hand Moved. But it did not Explode! The Lord had Made another Miracle. He had stopped the hand of the watch by His Divine Intervention. I was seized by Doubt and Confusion but my Faith told me that a Higher Propose must be at Work. For two nibts and two days the hand was stayed until the Demon was joined in her car by the VERY SAME man who had helped her Mock and Insult the Faithful outside the Abortion Clinic that day years ago. PRAISE GOD!

Wherefor be ye not unwise, but understanding what the will of the Lord is.

Ephesians 5:17

The hand of the Watch Moved once again and the bomb was Armed and

so that others would Cringe with Fear and Horror at the Terrible Scourge of the Lord. Now all who would come to the forests and worship trees like gilded Idols have been Warned. They have seen the Fate that awaits them.

To me belongeth vengeence, and recompense, their foot shall slide in due time for day of their calamity is at hand, and the things that shall come upon them make haste.

Deuteronomy 32:35

To those who share the demon's pagan faith I warn you to Return to the Lord.

Submit yourselves therefore to God. Resist the devil, and he will flee from you.

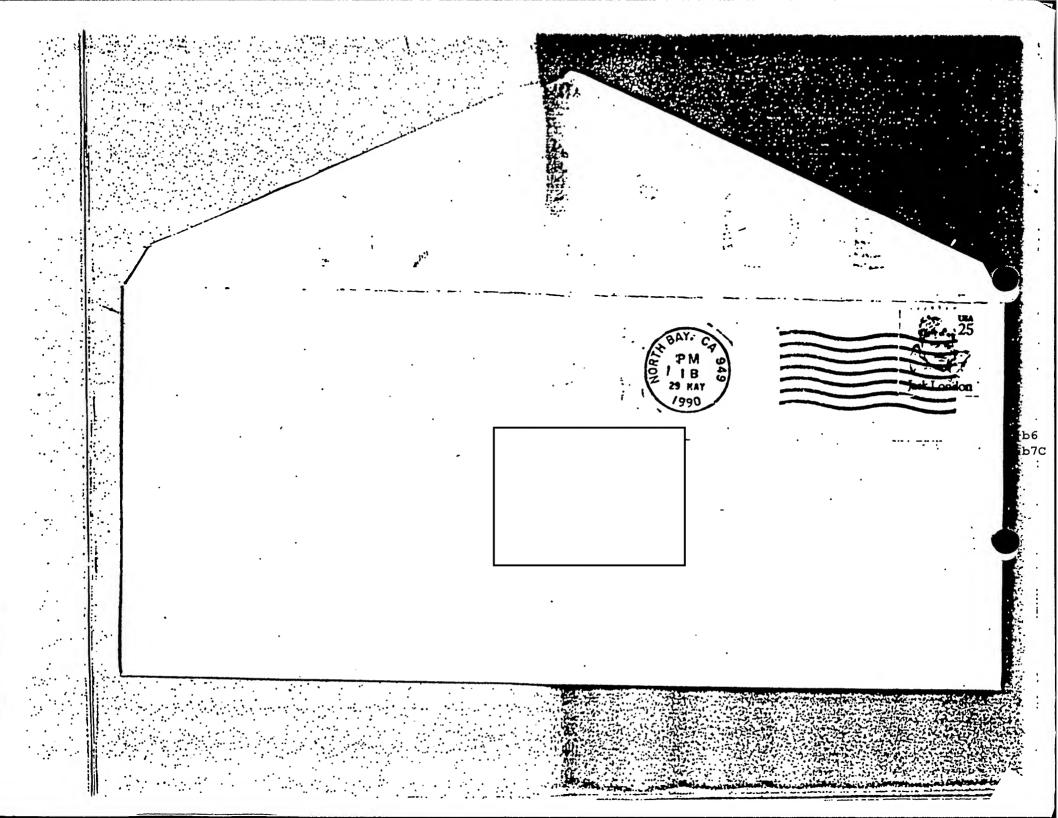

James 4:7

But if you Heed not this Warning and po into the forests to do Satan's Bidding surely you will Suffer the Punishment of demon Judi Bari.

I will early destroy all the wicked of the land; that I may cut off all wicked doers from the city of the Lord.

MATE BOOM

This Report Is Furnished For Official Use Only

AMED &

The pieces of fabric present in specimens Q75, Q119 and Q224 appear similar to each other and most probably represent pieces of a towel.

The Q75, Q119 and Q224 pieces of fabric are dissimilar to the K95, K103 and K107 towels.

## **DOCUMENT EXAMINATION:**

Specimen Q2 has been photographed for possible future handwriting comparison.

#### SOLDER EXAMINATION:

Representative samples of solder associated with specimens Q7, Q8, Q20, Q82, Q86 and the solder on the K15 partial roll of solder were instrumentally analyzed using Inductively Coupled Plasma Atomic Emission Spectroscopy (ICPAES) to determine their elemental composition.

The solder associated with specimens Q7 and Q8 and with specimens Q20, Q82 and Q86 are analytically indistinguishable. Therefore, the solder associated with these two cases originated from a common homogenous source of solder such as the same roll of solder.

The above solder samples are a totally different solder alloy than the solder on the K15 partial roll of solder. Therefore, they could not have originated from that roll of solder.

The minute quantities of solder present on the tip of the K3 soldering iron were too limited and contaminated to perform any meaningful compositional analysis. Therefore, it could not be determined if the K3 soldering iron may have been used to melt the solder associated with Q7, Q8, Q20, Q82 and Q86.

Solder samples from four joints of the K67 specimen, solder samples from six joints of the K79 specimen, solder samples from each of the K109 specime, and a solder sample from the K110 specimen were analyzed by instrumental means to determine their elemental composition.

Compositional differences noted preclude compositional association of the solder from specimens K67 and K79 to each other or to specimens K109 and K110. Also, compositional differences preclude association of any of the above specimens to Q7, Q8, Q20, Q82, Q86 and K15.

Page 2 00601001 B/D YR (over)

It is noted that samples of specimens %67, %79, %109 and %110 were obtained by cutting and/or melting the solder as necessary.

#### DISPOSITION OF EVIDENCE:

The submitted specimens will be returned to your office upon completion of the requested tape/adhesive examination.

#### MATERIALS ANALYSES:

Present in the K100 specimen were two tubes of Duro brand, two part epoxy adhesive. This epoxy was mixed according to the package instructions and allowed to cure. This cured epoxy was compared to adhesive present on the Q5 specimen (Laboratory number 00601001 S/D YR-ZM). Based upon the comparison examinations conducted, the K100 and Q5 adhesives were determined to match in color, type and composition. Therefore, it was concluded that the adhesive from Q5 could have originated from the K100 specimen.

The K60, K62, K68, K80, K84, K85, K97, K102, K108 and K111 specimens (which consist of duct tapes, adhesives and black tape) exhibited different physical characteristics from the tapes and adhesives present in the Q9 through Q11 (Laboratory number 00601001 S/D YR-ZM) and Q23, Q30, Q35, Q44, Q64, Q87, Q134, Q149, Q160, Q180, Q200, Q243 and Q259 (Laboratory number 00601005 S/D YR-RF) specimens.

Monorable Frank G. Riggs House of Representatives Washington, D. C.

322

Dear Congressman Riggs:

On September 26th, Weil J. Gallagher, Section Chief, Counterterrorism Section, Criminal Investigative Division along with a member of my staff and

met with you and at which time a briefing was provided relating to an FBI investigation concerning your constituents Jadi Bari and Daryl Cherney. Agent Gallagher indicated during that briefing, that the pending status of the case and a firmly established policy of both the Department of Justice and the FBI precludes the FBI from providing any additional information related to the investigation as was requested by your letter of November 5th.

The FBI has and will continue to conduct a thorough and unbiased investigation of this matter. The FBI continues to work with the local authorities, and the bombing incident involving Bari and Cherney remains a priority investigation within the FBI. / While the FBI was aware of Earth First and the Redwood summer protesters, no prior investigation of the groups nor Jud Bari or Daryl Cherney occurred before the bombing incident of May 1990. Let me emphasize that our present investigation does not involve any organizations in which Ms. Bari and Mr. Cherney may participate.

If the FBI can be of further assistance to you, please contact me or my staff in the Congressional Affairs Office, (202) 324-4515.

Sincerely yours,

	MAL THROUGHATION CONT.	Berofragly	John E. Collis

## Congress of the United States Souse of Representatibes

November 5, 1991

The Honorable William Sessions Director Federal Bureau Of Investigation J. Edgar Hoover Building Washington D.C., 20535

#### Dear Director Sessions:

As you know, a bombing incident in Oakland, California in May 1990 injured two constituents from my Congressional District: Judi Bari, and Dary Cherney, who belong to the environmental group "Earth First!"

As of this date, the joint investigation by the FBI and Oakland Police Department has not resolved this case, and many questions remain unanswered. In my district, concerns have been raised regarding the FBI's response and subsequent investigation of the bombing. Allegations have been made that the FBI has not been objective in its investigation of the bombing, and has not pursued all leads.

As a former Police Officer and Criminal Investigator, I would like to satisfy myself that an unbiased and comprehensive investigation is currently underway. Specifically, I request a written response to the following questions.

- 1. Prior to the bombing incident, did the FBI ever investigate, for the purposes of intelligence gathering or criminal prosecution the following:
- "Earth First!" based in Humboldt and Mendocino Counties in Northern California.
- b. Judi Bari.
- Daryl Cherney. C.
- d. "Redwood Summer" protesters in Northern California.
- What is the status of the investigation, and what priority is it being given?
- 3. What is the current relationship between the FBI and the Oakland Police Department with regard to the investigation of the bombing?
- Please respond to the questions raised in the second paragraph of this letter, to the extent that you can without compromising or jeopardizing any ongoing investigations.

Sincerely. ALL INFORMATION CONTAINED FRANK RIGGS Member of Congress
